"I chose OnCampus Amsterdam because it was the best programme to prepare me for university. I also chose Amsterdam because it is more affordable than many other major cities. Everyone speaks English, and the people are friendly and open. The teachers at OnCampus are very attentive, they create a supportive learning environment that helps us stay focused on our studies while also making us feel genuinely cared for."

Harry, Vietnam
UPP alum

SCAN ME

Studying at OnCampus Amsterdam has given me many opportunities to pursue my interests. The diverse student community has made it exciting to meet people from different countries and cultures. I would recommend the UPP programme because it helps you integrate into the local culture and provides a smooth transition into university life."

Adham, Egypt
UPP alum

Info Sheet

OnCampus Amsterdam

Known for world-class universities, excellent post-study work opportunities and a welcoming international environment, the Netherlands is an ideal destination for ambitious international students. OnCampus Amsterdam provides the preparation and support needed to progress with confidence.

Top ranked universities

Dutch universities rank among the best in the world

Flexible Progression Routes

Progression opportunities at research and applied sciences universities

Personalised Support

Small class sizes and dedicated academic support help students succeed

Excellent Graduate Opportunities

Post-study work opportunities through the Dutch Orientation Year permit

Global Student Community

Study alongside students from around the world in a welcoming and international environment

OnCampus Amsterdam is located within the University of Amsterdam campus, in the heart of the city and overlooking Amsterdam's iconic canals. Students benefit from a central location, surrounded by culture, history, shops and restaurants, with excellent public transport connections.

Through the OnCampus **University Pathway Programme (UPP)**, students develop the academic skills, subject knowledge and confidence needed for university success. Students can achieve 30–60 ECTS credits and, on successfully meeting the progression requirements, benefit from guaranteed progression to Year 2 at Wittenborg University of Applied Sciences. Students achieving 60 ECTS credits may also apply to research universities in the Netherlands, including the University of Amsterdam (UvA).

Students on the **Master's Qualifying Programme (MQP)** benefit from guaranteed progression to the University of Amsterdam, subject to meeting the required entry criteria.

University Partner Highlights
